

# THE MILESTONE SCHOOL DEVELOPMENT PLAN

2014 – 2015

Written: July 2014

**Flow chart describing  
the organisation of the  
School  
Development Plan  
document.**

## **INTRODUCTION**

In order for pupils to achieve their targets for improvement this year, school has to ensure the conditions are correct. We have to systematically plan for pupil improvement, and the School Development Plan (SDP) is the document that puts our plans into action, and ensures the school makes progress over the next year or so. Three main issues guide the SDP -

- the schools aims and objectives;
- new initiatives from the Government or other sources; and
- actions we have decided to implement following the evaluation of last years SDP and our OFSTED SEF.

### **The School Development Plan is divided into sections.**

**Section One** reminds us of our aims. It is important to bear these in mind when we are planning, as they represent what we want to achieve for our children in the long term.

**Section Two** sets out the school's plans, in general terms, for the future. These will be evaluated every year and updated as necessary, but they help to steer us in the right direction, and help us to apportion our targets over a realistic period.

**Section Three** concentrates on the detailed plans for the coming year. The plan includes what we want to achieve (Targets); Who will be responsible for seeing them through and what impact we are aiming for. Following these sections, the specific activities or actions are placed into the box which identifies which term the work will be completed. Section two also identifies the most important targets for the year, which we have called our priorities.

**The plan is evaluated at the end of the school year** when the targets should have been met. Staff and Governors meet together for a review day, where they assess their overall performance in meeting the set targets. To do this they make use of the numerous evaluations that have been going on during the year, as well as observations they have made themselves. The important part of the evaluation and review, is that it acts as a vehicle for setting the targets for the following years SDP.

The targets are listed under 4 main headings, which relate to the areas the Ofsted Framework, which OFSTED will use when they next inspect us. These headings are:

- 1. Quality of teaching**
- 2. Quality of leadership and management**
- 3. Behaviour and safety of pupils**
- 4. Achievement of pupils**

**These headings have been further broken down by staff, so that we are sure which targets we need to put into which sections. These are as follows.**

### **1.Quality of teaching**

- Teaching - Clarity of objectives
  - Knowledge of pupil need
  - Personalisation and differentiation
  - Lesson content/activities
  - Pace/style/delivery
  - Specialist strategies
- Assessment for learning and recording -
  - Accurate and comprehensive individual records
  - How assessment links to teaching and learning
- Curriculum - reflects aims of school
  - breadth and balance
  - appropriate/relevant content
  - personalised learning
  - pupil support
  - effectively organised
  - extra curricular

### **2.Quality of leadership and management**

- Staffing
- Resources
- Finances
- Communication
- Strategic planning
- Self evaluation processes to monitor overall effectiveness and efficiency
- Capacity for further improvement
- Pupil, Parent and Stakeholder voice
- Accommodation
- Extended services and interagency working

### **3. Behaviour and safety of pupils –**

- Attitudes to learning
- Social, Emotional, Spiritual, cultural etc
- Interpersonal skills
- Life and social skills
- Independence skills
- Personal, Learning and Thinking skills

### **4. Achievement of pupils**

- Pupils' abilities in relation to comparable norms – pupil targets
- Individual Pupils' progress overtime and cohort of Pupil's progress
- Pupils' knowledge compared to schemes of work and curriculum access [i.e. to what the school curriculum says they ought to know]
- Pupils' competence and achievements in the basic skills
- Pupils' spiritual, moral, cultural, and social development, and behaviour
- Equality of opportunity
- Links with others –Parents / Industry/work experience / Community / Agencies within school / Liaisons with other schools / Students

- We have a strong record of multi-agency working to provide a holistic service to pupils and their families delivered through our Support for Learning Team

Please see SEF for further details

## **School aims - background**

It is important that at the heart of the school there is a broad, balanced and relevant curriculum which is accurately translated into what we are all here for - CHILDREN'S LEARNING and WELLBEING. School Development is a shared effort - a partnership between all those it concerns. Between us, we should aim to constantly promote the school and improve its excellent reputation. Through high expectations and standards, school should give children the opportunity to participate in all appropriate aspects of school life and in relevant activities within the local community.

We should ask ourselves how the children would benefit from what we do, and therefore find its real value. This document is used as the basis of all our curriculum development and planning, so that we constantly remind ourselves why we are here.

## MISSION STATEMENT

### **‘Removing obstacles and enabling access to learning’**

Mission statement –

We will provide an aspirational, effective and inspiring school.

We will provide an environment that allows our children to develop academically, socially, physically and emotionally.

We will use our expertise and resources to offer pupils access to as broad a curriculum as relevant to each individual, which incorporates aspects of the National Curriculum as appropriate.

We will promote the school as **part of** the educational continuum, not apart from it.

Guiding Principle Aims –

The school will -

- Use the curriculum as a learning process not a content or structure
- Lead its own learning for pupils and staff with the focus on ‘learning to learn’, active learning & experiential learning
- Have the individual as the central focus, not the curriculum
- Enable, facilitate and allow pupils **time** to learn.
- Adopt a transdisciplinary, holistic approach with all agencies involved with the child – including parents
- Develop ‘interest appropriate’ approaches as well as age appropriate approaches.
- Have high expectations of pupils and staff
- Provide opportunities for all staff to develop skills and expertise so providing a high standard of teaching matched to the needs of pupils
- Engage positively with the local community and utilise it as part of the learning experience
- Continuously review and evaluate all aspects of the school and set innovative targets for development
- Prepare pupils for an adult life with a focus on being able to communicate and be understood, problem solve and cope with new situations

Each pupil & member of staff will –

- Know what is expected
- Feel appreciated and valued
- Have structure to his/her day – with consistency and continuity as needed
- Enjoy success and learn that making mistakes and getting things wrong are positive learning opportunities.
- Achieve high personal standards
- Be supported to communicate their needs

### **Mid-year impact review**

DT has presented information changes to / implications of ICT, history, geography & MFL to SMT

KS2 & 3 currently amending curriculum grids to ensure implementation of changes and full coverage of areas.

Joint KS2/3 training for teachers on Literacy and Numeracy curricula on 13.1.15 and 27.1.15

TLR postholders tasked with monitoring implementation of new Curriculum.

Curriculum reports on changes to date presented to Governors 18.11.14 and 27.1.15 (and on-going)

New Whole school Curriculum document in draft form

Continue to review curriculum in the wake of visits to Frank Wise, Swiss Cottage, etc. Contact DfE if necessary to seek approval for the direction we take.

Annette to produce a list of 'next steps' in time for next Standards mtg.

EY/KS1 and KS2 held joint after school training Autumn term to show links between EYFS and New NC. Excellent feedback. Staff asked for more sessions like this

### **End of year impact review –**

1(a) KS4 are developing their curriculum to incorporate the 4 strands “ Preparing for Adulthood “ : Employability; Housing; Health ; Friendships and Community ( Leisure) into the whole school curriculum overview ( *see KS4 target for 2015-2016*)

EYKS1 successfully introduced a whole keystage topic approach in summer term. Joint planning of activities gave support to staff and cross-class, activities, assemblies and trips out linked with topic At the Seaside

**Whole school approach is being coordinated by DT AF which will impact on further development**

**A new curriculum framework that includes relevant parts of the new N/C is currently been drawn up and will be delivered to all teachers by the end of the summer term by HoDs.**

**Impact – Staff will implement and imbed relevant parts of the new N/C into their planning and lesson delivery from Sept 15 onwards. In addition to the curriculum framework, new planning formats are being drawn up to ensure focus on N/C priorities.**

**Target Achieved**

Guidance on teaching Maths emailed to whole school Nov 2014.

Work scrutiny 19-30 Jan 2015.

Maths resources, schemes, guidance file created on Intranet.

Attended EY/KS1 C & A meeting Feb 2015.

Numicon training to whole school Sept 2014

Met with all HoDs (on-going)

Quartile data demonstrates maths is being taught well throughout school. Governors have scrutinised the data.

**End of year impact review** – Maths data for all Year 6 pupils reflects that they have achieved extraordinarily highly in maths in 2014-15 with 94% of pupils in the Upper and Median Quartile. This is an increase of 18% from 2013-14 and is mostly due to the dynamic teaching of the Year 6 targeted maths groups. These groups will continue next academic year and extended to most pupils in KS2. There are, however, inconsistencies in how maths is delivered across the school; the aims of the new maths curriculum have not been sufficiently embedded in KS2 and KS3 and, maths content, rather than fluency, problem solving and reasoning skills, continues to be an emphasis. This will be addressed next academic year by the new department curriculum leads.

**Partially achieved**

Swiss Cottage Progression Planners are being considered as an appropriate method of recording and assessing Life Skills. DT and VK will be attending training on this in London at the end of February 2015, after which discussion will be held to discuss whether this is an effective assessment tool for the Milestone School.

Investigating Swiss Cottage Draft Curriculum as example of Pupil Progression with emphasis on deep life skills based learning. EYFS curriculum areas are embedding Life Skills concepts very well.

**End of year impact review.**

4(b) HoD KS3/4 met with TLR postholder re. Life skill coverage. It was agreed to form a working group from across secondary department to move forward with Life skill. This was put on hold as a visit to Swiss Cottage school was arranged with HoD KS3 and TLR post holder. Next step to be agreed.

EYFS curriculum delivery starts to build foundations for future life skills.

After staff training at Swiss Cottage School, it was decided not to move forward with the Progression Planners. Alternative assessment tools to measure pupils' progress in Life Skills are currently being investigated. Key Stages 2-4 continue to measure pupils' progress in Life Skills by recording progress made by individual pupils at the start and end of the academic year as well as using relevant areas within Classroom Monitor. EY/KS1 department use the EYFS to measure pupils' progress in these areas.

**Mid-year impact review**

A dual assessment system is being followed this year to ensure continuity of data. Classes are continuing to use Curriculum 2000 (Classroom Monitor) to assess progress made in P Scales and NC levels and also Rising Stars (Classroom Monitor) to assess progress made towards End of Year statements. Approximately 1/3<sup>rd</sup> of pupils only need to be assessed in either/both maths or English using both systems. Report prepared for external consultant FP and Governors in Nov 2014 on data collection and analysis in academic year 2013 – 14. Interim data has been collected (Feb '15) which shows that pupils working within the P Scales continue to make outstanding progress in all Key Stages for maths and English (upper and median quartile data). AF has researched and attended courses/training with schools nationally and locally on assessing without levels. Most interesting is Frank Wise School in Oxford which has developed its own formative assessment system over 30 years and is publishing it in the next few months in conjunction with the DfE. Local special schools are meeting after the SSAT conference in March 2015 to discuss a county approach to assessing without levels.

**End of year impact review**

A county approach to assessing without levels is currently not considered the way forward, as each special school has decided to continue using their own choice of assessment tool. As P Scales will now continue to be used, we have decided to continue using CM curriculum 2000 to assess progress made by pupils working below NC level 1. The government is introducing a new set of descriptors to measure progress made by pupils between P8 and end of Year 1 statements, as the gap is too huge for our pupils to show any real measure of progress. We will implement these new descriptors from September 2015 and evaluate how well they measure progress made by pupils working within these levels in February and May 2016. Rising Stars will continue to be used for pupils achieving above P8 for the next academic year. We will continue to research new methods of assessing without levels.
